Please send this form and any other necessary information on your project to Velosi's main office for Russian & Kazakh certification services:

Velosi America
222 Pennbright Drive, Suite 230
Houston, Texas 77090
U.S.A.

Attn: Jeff Rushing - Vice President of Russian and C.I.S. Certification Services Worldwide

Tel: (281) 872-3600
E-mail: j-rushing@velosi.com

We would ideally like the following information in order to prepare a quotation for you for Russian or Kazakh certification services.

1. List of material and / or equipment with quantities and Harmonized System Code number(s)
2. Technical descriptions with specifications and information on how the material and / or equipment will be used
3. Top and side view general arrangement drawings (If necessary, send typical drawings from an earlier project. Typical drawings should be identified as such in your submission.)

If you are supplying any of the following types of material / equipment, additional certification may be required:

- Pressure vessels
- Pressure safety valves
- Boilers
- Heat exchangers
- Compressors
- Process pipelines
- Generators
- Transformers
- Lifting equipment

- Explosion-proof / intrinsically safe equipment

- Measuring devices

- Equipment and materials for air conditioning, air treatment and filtration
- Material used for finishing (floor coverings, wall coverings, wallpaper and textile materials)
- Insulation
- Fluids, oil, chemicals, etc. that will be shipped in the manufacturer's containers

- Fire alarm components or systems
- Firefighting components or systems
- Gas detection components or systems
- Passive fire protection products (fire resistant walls, doors, paints, etc.)
- Insulated electrical cables

- Electrical equipment operating at 1,000 Volts or above

Thank you for completing this form. If you have any questions, please call Jeff Rushing directly at (281) 872-3600
